

WE WELCOME YOU!

Friends from over the Southland, we welcome you to Torrance and to our Fiesta.

A few hours of carefree enjoyment, of wholesome sport, of laughing, jollity, of freedom from everyday cares, in a climate unequalled anywhere.

A glimpse of "the first garden industrial city of America," planned by Olmsted, America's most noted city planner and landscape architect.

A city where industry and homes are planned to the best advantage—an industrial city, and also a residential city free from any of the annoyances of the usual factory district.

A city where there is untold opportunity for the builder—where there is a crying need for homes. We need 500 more houses right now.

A city destined to grow to large population, but at all times to be a city of beauty, of homes, of contented people, of a progressive, prosperous people.

THE HIGHER VIEW

The city of Torrance does not make an appeal wholly to the materialistic, but would call attention to the beautiful home places possible where the varied and variegated pansies, the passion flower drooping in myriads from the vine; the chrysanthemums and the roses blow and the lilies bloom. It is not material prosperity alone that makes the home, but material prosperity makes possible the adornments so loved by the helpmeet.

ALL LOYAL

Torrance has demonstrated what whole-hearted voluntary effort can do for a community. Everybody jumped right in with supreme loyalty to Torrance. Scores of men and women, with no prospect nor desire to reap a financial benefit, just rolled up their sleeves and went to work to show what a loyal effort can do to make a gala day; two gala days and a Midsummer Night's Dream.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, Etc.
